Full Job Description:

Radix Group is seeking an experienced candidate possessing entry level skill sets for a Site Safety & Health Officer. This candidate must have **10+ years of professional SSHO experience**. Responsibilities include, but are not limited to monitoring standards, processes, communications, training, and systems to ensure proper and timely assessment of risks to health and safety, as well as measures and arrangements identified as necessary from the assessments. Other daily tasks consist of maintaining the existence and awareness of suitable and relevant health and safety policies and ensuring safe environments without risk to health. This candidate must be highly knowledgeable in ensuring safe movement, storage, use of machinery, articles, substances and ensuring proper use of emergency procedures and incident reporting to relevant authorities.

Tasks:

- Ensure the workplace satisfies health, safety and welfare requirements for ventilation, lighting, temperature, sanitary washing, and restroom facilities
- Ensure first-aid and welfare facilities are adequately maintained
- Maintain suitable and current information concerning health and safety policies and practices
- Maintain prevention and precautions against adequate control of exposure to hazardous substances, and dangers from flammable, explosive, electrical, noise, radiation, and manual handling risks
- Maintain surveillance and reporting on health and safety practices systems
- Host monthly supervisor's safety meetings and toolbox safety meetings
- Develop daily post construction safety reports
- Responsible for maintaining records related to safety

Pre-Requisites:

- A valid QCM Certification form the Army Corps of Engineers
- OSHA 30 with Annual Continuing Education / Training and First Aid / CPR Certified
- A valid driver's license

Covid -19 Considerations:

Masks during interviews are preferred.
